

TAKE ADVANTAGE OF SPECIAL Q4 SAVINGS UP TO 30% OFF ON THE BRAND NEW BEAST P!

Configurations as low as \$95 per TB.

The BEAST Performance Series is your new datacenter workhorse. BEAST P nearly doubles the past performance and offers greater drive capacity to support your storage growth.

Often referred to as the “workhorse” in the Nexsan product family, BEAST P delivers cost effective, stress-free storage and has a track record of enterprise reliability and features to keep your data highly available. BEAST P is ideally suited for high growth applications including backup, archive, and digital video surveillance use cases.

- Scale BEAST P to meet your storage requirements.
- Add up to 2 expansions for an additional 720TB each for up to 2.16PB.
- Up to 60 drives in 4U of a standard 1m deep rack.
- Doubled Performance enhancements with sequential reads of 6.1 GB/s and writes of 3.9 GB/s.
- Controller memory of 32GB per system.
- Highly available with dual redundant, hot-swappable components.
- Easy to administer so “set it and forget it.”
- Purchase order must be placed by December 31, 2019.
- Cannot be combined with any other offers.
