

STAY IN THE FAMILY

TAKE ADVANTAGE OF THE RETURNING CUSTOMER PROGRAM WITH UP TO 30% OFF ANY NEW NEXSAN MODEL

We know storage is expanding daily and we'd like to offer you a special pricing program based on your history with Nexsan. Depending on the model and configuration, you can get up to 30% off of any new system from Nexsan.

How It Works:

- Contact your local authorized Nexsan Partner or Nexsan RSD to review your storage requirements.
- An authorized Nexsan Partner will provide you with a final quote for the storage solution meeting your needs with the promotional discount applied.
- Must order by December 31, 2019.
- Cannot be combined with any other offers.

PICK THE STORAGE YOU NEED TODAY AND GET HUGE SAVINGS:

Unity™ – Combines Enterprise-Class Performance and Flexibility. Unity Unified Storage supports advanced block and file workloads and then adds the performance of all-flash configurations to meet the growing needs for mixed application workloads and virtualized environments. Unity includes a secure archive client for seamless integration to the optional Unity Assureon Archive.

Assureon® – The advanced archive and security features make Assureon ideal for primary storage optimization, regulatory and corporate compliance, and the secure, long-term retention of files. You can offload data from primary storage to free up space for active data and greatly reduces the size, cost and complexity of backups. Assureon Cloud Transfer allows for seamless transfer to and from the cloud. Security features comply with corporate and governmental regulatory requirements including CCPA, HIPAA, CJIS, PCI-DSS, SOX, SEC-17, GDPR and more.

E-Series P – This high-density, high-performance, scalable, ultra-reliable storage system enables organizations to lower their storage costs, maximize storage uptime, and boost data storage ROI. E-Series P is a versatile SAN or DAS solution to stay ahead of the enormous data growth, demanding workloads, and high resiliency requirements in a variety of businesses.

BEAST P – The newly updated BEAST P with higher performance and enhanced connectivity is a cost-effective storage platform designed specifically to address the needs of large data sets, such as backup, archive and digital video surveillance. The storage workhorse is designed to deliver superior reliability, availability, and density.

Contact your reseller or sales@nexsan.com to get this special promotional pricing.

ABOUT NEXSAN

Nexsan® is a global enterprise storage leader since 1999 delivering the most reliable, cost-effective and highly efficient storage solutions.
