

No Return STATEMENT for CERTIFICATE of DESTRUCTION

We, [Customer Name] certify that the drive(s) listed below are defective and are in our possession and will be destroyed.

We verify that all of the following apply:

- We have physical possession of the drive(s) **or** they are in the possession of our authorized agency or contractor.
- We are unable to return the drive(s) due to laws and regulations pertaining to confidential and sensitive data.
- The drive(s) have failed for reasons that are covered under Western Digital's Limited Warranty statement and are within the Product Warranty Period offered by Western Digital.
- The failed drive(s) have been removed from service and will be physically destroyed (crushed or otherwise) rendering the drive(s) unusable so that they are not fraudulently returnable.
- We agree to follow Western Digital's no return RMA requirements and guidelines as well as Western Digital's guidelines for the destruction of the drives.

Name of agency destroying the drive(s): -

Name and email of [Customer Name] representative making this no return RMA request:

Signature:

WD Serial number	WD Part number	Reason for failure

- Western Digital's RMA Coordinator will verify the serial numbers submitted hereunder.
- Western Digital's RMA Coordinator will then confirm eligibility of serial numbers by issuing either a no return RMA # **or** provide an explanation of discrepancy (i.e. why the S/N submitted is rejected).
- In the case of a discrepancy, the no return RMA will not be issued for any discrepant serial number.
- Photographic proof of destruction may be required at the request of Western Digital.
